RE: SYOKIMAU FARM LIMITED C. 1/65.

We refer to the above matter and your letter dated 14th November 2024 with specific reference to the gazette notice No. 11485 of 2013 and the annual general meeting dated 30th May 2024.

As earlier stated the status of the company solely rests with the membership. From the gazette notice, the board of directors of Syokimau Farm Limited by a special resolution purported to have been passed by the shareholders of the Company to wind up the company voluntarily indicated that the liquidation process had commenced. The company was expected to –

1. File a resolution with the Registrar of Companies within fourteen days.
2. Appoint a qualified liquidator to oversee the process
3. The liquidator was expected to notify the official receiver and publish the winding-up resolution in the Kenya Gazette
4. The officers of the company are expected to file a declaration of solvency
5. Once the liquation process is complete, the liquidator is expected to prepare final accounts and file them with the Registrar after which the company stands dissolved.

Kindly note that the Registry has not received any resolutions, notices or statutory documentation regarding the liquidation process and the Official Receiver has not played any supervisory role regarding the process.

As earlier highlighted the affairs of the company rest with its membership. The Registrar wishes to state that through numerous correspondence and

documentation of an annual general meeting of the company, the company indicated that the voluntary winding-up gazette notice was published without the concurrence of the other members. Further the company in the meeting indicated that it intended to regularizes the affairs of the company.

This being a Members Voluntary winding up, the Registry advises that the Company should file an application in court to reverse or suspend the liquidation proceedings. Once obtained, the court order should be furnished to the Registra for further action.
